## **DETAILED ACTION**

### ***Election/Restrictions***

1. Applicant's election of Group I, claims 1-11 and 21, in the reply filed on May 20, 2005 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)). It is noted Applicant has canceled that claim 12. This was inadvertently not included from the previous Office Action.
2. Claims 13-20 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention/species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on May 20, 2005.

### ***Response to Amendment***

3. Applicant's January 28, 2005 Amendment request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, that action is withdrawn.

### ***Claim Rejections - 35 USC § 103***

4. Claims 1-11 and 21 are rejected under 35 U.S.C. 103(a) as being unpatentable over Nel, US 6,363,364.

Nel discloses accessing real-time financial information comprising a first financial institution record keeping system, e.g. 112, having corresponding accounts, e.g. 113, a second financial institution record keeping system, e.g. 114, having corresponding accounts, e.g. 115, the first and second account may be different from each other, an identifier, e.g. PIN, for each account, that a selected account holder receives by a first device, e.g. 136, and a real time computer network connecting the user to a vendor or service provider or third party, e.g. cols. 4-5. The accounts may be mutual funds, e.g. col. 5, and the transmitting is done substantially simultaneously. Nel does not specifically disclose third and fourth record keeping systems. To have provided third and fourth record keeping systems for Nel would have been obvious to one of ordinary skill in the art. The motivation would have been providing common knowledge duplication of accounts.

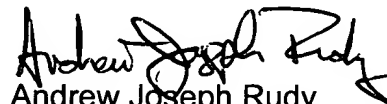

5. Further references of interest are noted on the attached PTO-892.
